

# Growing our network

## How Delta Dental is finding the right dentist for you

Finding a new dentist can be difficult, especially when you've had the same dentist for years. We know the struggle and understand your frustration. That's why Delta Dental is working so hard to add more dentists to our nationwide network.

### Making strides

Through 2024, we've added:

- **1,015 providers in Texas, including 145 in the Austin/Travis County area**
- **319 providers in Arizona (262 in the Chandler area)**
- **1,356 providers in California (279 in the Santa Clara area)**

We continue to work hard to recruit dentists. We're contacting popular non-contracted dentists in your area and urging them to join our network. But we don't accept just anyone. We make sure each dentist in our network is thoroughly vetted and certified so that you get the highest quality care.

### Tools you can use

Don't have a dentist? The **Find a Dentist** tool allows you to search for a dentist in your area and filter by distance, specialty, office hours, languages spoken and even gender.

Remember, you can see any dentist you want, but you'll save the most by visiting a Delta Dental dentist. See how much you'll pay for a procedure by using the **Cost Estimator** tool. Compare costs between dentists and review your deductibles and out-of-pocket limits.

Both tools are available at <https://www1.deltadentalins.com/nxp>.  
Log in to the member portal to access the Cost Estimator tool.
